Washington, DC 20231RESPONSE TO NOTICE TO FILE CORRECTED APPLICATION PAPERS

Sir:

The Notice to File Corrected Application Papers - Filing Date Granted dated February 13, 2001 (the "Notice") (a copy of which is enclosed) has a shortened statutory time set to expire on April 13, 2001. The application was originally owned by SmithKline Beecham Corporation; however, Novartis International Pharmaceuticals Ltd. ("Novartis") is the present assignee of the application. A POWER OF ATTORNEY AND CHANGE OF ADDRESS directing all communications relating to the application to be sent to the address associated with Customer No. 001095 was received by the USPTO on January 18, 2002.

Linda Hallman of the U.S.P.T.O. notified Novartis on Thursday, September 26, 2002 that the application was to go abandoned for non-response to the Notice. Novartis has never received such Notice. A copy of the Notice was faxed to Novartis on September 26, 2002 for response.

In response, applicants now submit a corrected specification as required under 37 CFR §1.52.

The entire period of delay in response to the Notice was unavoidable in view of the fact that Novartis only actually received the Notice on September 26, 2002. If this application is deemed to be abandoned, please consider this paper to be a petition under 37 CFR §1.137(a). In the alternative, if this paper is construed as a petition to revive an unavoidably abandoned application

and such petition is denied, then consider this paper to be a petition to revive an unintentionally abandoned application under 37 CFR §1.137(b) because the entire delay in responding to the Notice was unintentional as well as unavoidable.

Applicant believes that this paper is being filed within two months of actual receipt of the Notice, and so no fees are required. If a fee is deemed to be required, the Commissioner is hereby authorized to charge such fee(s) to Account No. 19-0134 in the name of Novartis Corporation.

Respectfully submitted,
